

# **Information for Returning Operations Enduring and Iraqi Freedom (OEF/OIF) Veterans**

**Boise VA Medical Center**  
**"The Price of Freedom is Visible Here"**

The OEF/OIF Team exists to provide a seamless transition for Veterans who have served in Iraq, Afghanistan, or other "imminent danger" areas included in the Global War on Terrorism. Our services are available to all eligible Veterans. The OEF/OIF Team serves as the point of contact for Veterans and their families and coordinates available VA and Community Resources to assure timeliness, quality, and personal satisfaction. We encourage community support and collaborate with public and private agencies as well as volunteer organizations to maximize the full range of available resources to Veterans and their families. The OEF/OIF Team is here to ensure you receive the services you need through the VA or in the community.

**A few of the benefits available to OEF/OIF Combat Veterans are:**

1. 5 years, from the date of your discharge from Active Duty, free medical care for combat related issues
2. 180 days, from your date of discharge from Active Duty, to request a free dental examination with treatment and follow up care.
3. Case Management Services for those Veterans with severe or serious illness or injuries

**Important information to consider that could affect your VA benefits:**

1. In order to maintain your benefit of 5 years of free care, you must be assigned a Primary Care Provider, and see that provider at least once a year.
2. Keep or re-schedule appointments made for you. If you continually miss appointments you could be dropped from the VA and have to re-do the entire registration process over, and could lose your benefit of free medical care.

If you have additional questions or would like more information regarding the OEF/OIF Program and the benefits and services available to you, please contact one of the individuals on the next page and they will be more than happy to speak with you.

# **Service Connected Disability**

## **What is a Service Connected Disability?**

The US Department of Veterans Affairs (VA) may award disability compensation for any injury, illness, or disease that is incurred or aggravated by military service.

## **How to apply for Service Connected Disability:**

To file a claim for Service Connected Disability, or for additional information regarding Service Connected Disabilities, you will need to contact the nearest VA Regional Office, the OEF/OIF Team at the nearest VA Medical Center, or your nearest Veteran's Service Organization.

**For residents of Idaho, the Boise VA Regional Office is located at the entrance to the VA Medical Center, on the right hand side immediately after crossing Fort Street. The address is:**

**444 West Fort Street  
Boise, ID 83702**

**For residents of Grant/Baker/Harney/Malheur Counties in Oregon, your claims will be processed by the Portland VA Regional Office, even though your care will be with the Boise VA Medical Center. The address and phone number for the Portland Regional Office are:**

**1-800-827-1000  
Portland VA Regional Office  
1220 SW 3<sup>rd</sup> Avenue  
Portland, OR 97204**

**If you are interested in submitting a claim for SC determination, it is recommended that you contact a Veteran's Service Organization such as the DAV, American Legion, or VFW, the Idaho Division of Veteran's Services, or the State of Oregon Department of Veterans Affairs and request assistance. The claim process can be confusing, and challenging. These organizations can help you with the paperwork, the process, and will advocate on your behalf. Contact information for several of these organizations is on the last page of this booklet.**

# VA MEDICAL CARE CO-PAYMENTS

As an OEF/OIF Combat Veteran, you are eligible for 5 years, from the date of your discharge, of free medical and behavioral health care for any combat related issues. If you are beyond your 5 years, or are seen for non-combat related issues you might be required to pay a small co-payment for services. You will find the amount of the co-pays below.

- **\$15 co-payment** for primary care visits
- **\$50 co-payment** for specialty services (includes specialist care, certain radiology services, ambulatory surgery, audiology, and optometry services).
- For inpatient hospitalization there is a charge of **\$992** (one payment good for 90 days of hospital care within a one year period) plus a **\$10 per day** charge for each day hospitalized.

**Prescriptions:**     **\$ 8.00** per prescription per 30 days  
                              **\$16.00** per prescription per 60 days  
                              **\$24.00** per prescription per 90 days

These co-payments are determined by your annual income. For further information regarding co-pays, please contact the Business Office at (208) 422-1205

# **Behavioral Health Center**

## **Psychiatry Service:**

Veterans are valuable members of our community. Our Behavioral Health programs will help you maintain an active, productive life. The Boise VA Medical Center offers inpatient and outpatient services to address a wide range of problems Veterans and their families might experience. Our programs use the skills of psychiatrists, psychologists, social workers, nurses, and recreational and occupational therapists.

## **Outpatient Behavioral Health:**

The Outpatient Mental Health Clinic (Building 114) is open from 8:00am to 4:30pm, Monday through Friday with evening appointments also available. Treatment options include individual and group therapy, educational classes, medication and other therapies as needed. Individual treatment plans are developed with the Veteran based on present circumstances and past experience.

## **Substance Abuse Rehabilitation Residential Treatment Program (SARRTP):**

The SARRTP Program provides individual and group counseling and an introduction to community recovery groups such as Alcoholics Anonymous and Narcotics Anonymous. In addition, a comprehensive educational and leisure/recreation program provides Veterans with the skills necessary to develop a successful recovery program. Topics covered include understanding physical impacts of addiction, nutritional impact on recovery, managing feelings, assertiveness skills, and relapse prevention strategies. Upon completion of the program, Veterans may be placed in a community transitional living home or halfway house. These placements provide a safe and sober setting that supports recovery.

## **Outpatient Substance Abuse Treatment (OSAT):**

OSAT consists of several program options ranging from an 8 week, 2 nights per week program to ongoing continuing care. The recovery program includes individual case management, family education, individual and group therapy, recreation therapy, and community recovery support groups.

## **Homeless Program:**

Homelessness can be a significant barrier to recovery/treatment. Our Homeless Coordinator works with the community to provide assistance with housing, transportation, food and other emergency services. The Boise VA also maintains a clothing room for Veterans who are in need clothing items.

# **Behavioral Health Center cont'd.**

## **Post Traumatic Stress Disorder (PTSD) :**

The PTSD Clinical Team is trained to provide services for Veterans experiencing military related stress. The clinic is designed to create an environment in which the Veteran, family, and friends can learn to benefit from self-care and a variety of treatment options. The Evaluation and Brief Treatment Post Traumatic Stress Disorder Unit (EBTPU) offers a focused treatment program for war zone Veterans with Post-Traumatic Stress. The program offers a safe, positive atmosphere, in which Veterans together can work on war-related problems and current day concerns using individual, group and environmental therapy.

## **Mental Health Intensive Case Management (MHICM):**

The Mental Health Intensive Case Management (MHICM) helps patients suffering from serious and on-going mental illness to live in the community, decrease their need for psychiatric hospitalization, and to enhance their quality of life. MHICM services are characterized by low patient to staff ratios, community based delivery, a practical problem solving approach, and high continuity of care.

## **Inpatient Psychiatry Ward 2P:**

The inpatient Psychiatry Ward 2P is a voluntary 10 bed unit. The treatment team completes a thorough assessment and develops a treatment plan for each Veteran. Ward 2P is a therapeutic community that offers a variety of groups and experiences designed to increase the Veteran's knowledge and functional ability.

## **Mental Health Triage:**

Mental Health triage provides daytime emergency room service and walk in coverage for outpatient Primary Care and the Emergency Room. Services are from 8:00am to 4:15pm, Monday through Friday. The staff provides emergency consultation, evaluation and treatment for any patient that requires it.

## **Integrated Post Combat Care Clinic (IPCC):**

The IPCC clinic was created to provide a seamless transition for post-deployment OEF/OIF Combat Veterans and to assist them in accessing VA services. The clinic offers a full range of integrated medical and behavioral health services. The initial appointment includes two screenings to determine your medical and behavioral health needs, and if appropriate, a treatment plan is developed. The treatment plan assists the Veteran in determining the level of care and securing personalized services. Should a Veteran require more comprehensive services a referral to the Polytrauma Clinic is made.

**Please Call Us at (208) 422-1108 / 1145.**

# VA Vet Center

## **Background of Readjustment Counseling Services:**

The Vet Center Program was established by Congress in 1979 out of recognition that a significant number of Vietnam era Veterans were still experiencing readjustment problems. Vet Centers are community based and part of the US Department of Veterans Affairs. In April 1991, Congress extended the eligibility to Veterans who served during other periods of armed hostilities after the Vietnam era. Those other periods are identified as Lebanon, Grenada, Panama, the Persian Gulf, Somalia, and Kosovo/Bosnia. In October 1996, Congress extended the eligibility to include WWII and Korean Combat Veterans. The goal of the Vet Center program is to provide a broad range of counseling, outreach, and referral services to eligible Veterans in order to help them make a satisfying post-war readjustment to civilian life. On April 1, 2003 the Secretary of Veterans Affairs extended eligibility for Vet Center services to Veterans of Operation Enduring Freedom (OEF) and on June 23, 2003, Vet Center eligibility was extended to Veterans of Operation Iraqi Freedom (OIF) and subsequent operations within the Global War on Terrorism (GWOT). On August 2, 2003, Vet Centers were authorized to furnish bereavement counseling services to surviving parents, spouses, children and siblings of Service Members who die of any cause while on Active Duty, to include federally activated Reserve and National Guard personnel.

## **Available Services:**

Individual counseling, group counseling, marital and family counseling, bereavement counseling, medical referrals, assistance in applying for VA benefits, employment counseling/guidance/and referral, substance abuse assessments, information and referral to community resources, sexual trauma counseling and referral, and community education.

**Vet Center services are provided at no cost to the Veteran and/or their family**

Drug and Alcohol Treatment Center	

## **How to make an appointment in the Women's Health Clinic:**

If you're already enrolled in the Women's Health Clinic, call:  
(208) 422-1000 Ext. 7758

If you are **not** currently enrolled in the Women's Health Clinic and would like to be, just ask your Primary Care Provider to send a consult to the Women's Health Clinic.

## **Women Veterans Program Manager:**

Ami Reno (208) 422-1324

## **Women's Health Clinic Providers:**

Annie Fife, WHNP, MSN

# Vocational Rehabilitation

## **Vocational Rehabilitation and Employment Services:**

Vocational Rehabilitation includes an evaluation to establish eligibility and entitlement and to determine whether the Veteran needs extended evaluation, independent living services, educational or vocational training, employment services, or a combination of these benefits.

Veterans who served in the Armed Forces on or after September 16, 1940, are eligible for vocational Rehabilitation if **all three** of the following conditions are met:

1. They suffered a service connected disability or disabilities in active service which entitled them to at least 20 percent compensation or 10 percent rating with serious employment handicap; or would do so but for receipt of military retirement pay.
2. They were discharged or released under other than dishonorable conditions or are hospitalized awaiting separation for disability.
3. The VA determines that they need Vocational Rehabilitation to overcome impairment to their ability to prepare for, obtain or retain employment consistent with their abilities, aptitude, and interests. Their service connected disabilities must materially contribute to this employment handicap.

**For more information on Vocational Rehabilitation and Employment Services  
Call  
1-800-827-1000 or 208-334-1063**

# Employment Resources

## **US Department of Labor:**

The Department of Labor's Veterans' Employment and Training Service (VETS), through cooperative efforts with, and grants to, each state, offers employment and training services to eligible Veterans through two principal programs:

### **1. Disabled Veterans' Outreach Program**

Disabled Veterans' Outreach Program (DVOP) specialists develop job and training opportunities for Veterans, with special emphasis on Veterans with service-connected disabilities.

### **2. Local Veterans' Employment Representatives Program**

Local Veterans' Employment Representatives (LVERs) are state employees located in state employment service local offices to provide assistance to Veterans by counseling, testing, and identifying training and employment opportunities.

**For additional information regarding US Dept. of Labor resources contact**

**Idaho:** Mr. Dale Langford (208) 332-8947

**Oregon:** Mr. Ronald Cannon (503) 731-3478

## **Oregon State Department of Labor:**

Benefits and services may include case management activities such as: vocational guidance; resume and application assistance; job search workshops; job development; tax credit eligibility determination; referrals to jobs, training, and supportive services; information on federal contract and government employment opportunities; apprenticeships; and on-the-job training.

**For additional information regarding Oregon State benefits contact your Local Veterans' Employment Representative**

**La Grande/Baker City/Enterprise:** Brian Papineau (541) 963-7111 Ext. 25

**Ontario:** Miguel Arredondo (541) 889-5394

## **Idaho State Department of Labor:**

In addition to priority job referrals, Veterans can enroll in free Job Search Workshops, get help developing resumes, learn about career training programs and get help understanding the network of benefits available through the VA and state and local governments.

**For additional information regarding Idaho State benefits contact  
Your Local Veterans' Employment Representative**

**Boise:** Mr. David Hoag (208) 332-3575 Ext. 3272

**Twin Falls:** Mr. Johnny Moreno (208) 735-2500 Ext. 3643

**Salmon:** (208) 756-2234

# Employment Resources cont'd.

## **US Small Business Administration:**

The mission of the Office of Veterans Business Development is to maximize the availability, applicability and usability of all administration small business programs for Veterans, Service-Disabled Veterans, Reserve Component Members, and their Dependents or Survivors. Services include specialized loan programs for Veterans and their spouses, counseling, and small business training for Veterans or their spouses interested in starting or those who have started a small business. Veterans Business Development Officers in the SBA District Offices can help you prepare and plan for your entrepreneurial adventure. For additional information contact your representative.

601 SW 2nd Avenue, Suite 950  
Portland, Oregon 97204-3192  
Tel: (503) 326-2586

# Educational Assistance Benefits

## **Montgomery GI Bill Chapter 30 (Active Duty):**

You must possess an "Honorable" discharge to qualify under the Montgomery GI Bill program. You must have served at least 24 continuous months on Active Duty, and have contributed either \$1200 to the GI Bill Program for basic benefits, or \$1800.00 for the increased benefits. If the above applies, you will need to apply for your benefits and if accepted, you are entitled to 36 months of benefits. For the most part, benefits end 10 years from the date of the Veteran's last discharge or release from Active Duty.

## **Montgomery GI Bill Chapter 1607 (Selected Reserve) Reserve Educational Assistance Program (REAP):**

REAP is a new benefit providing education assistance to members of the reserve components who are called or ordered to active service in response to a war or national emergency, as declared by the President or Congress. Eligibility will be determined by the Department of Defense or Department of Homeland Security as appropriate. Generally, a member of a reserve component who serves on Active Duty on or after September 11, 2001 under Title 10, U.S.C., for at least 90 consecutive days under a contingency operation is eligible for REAP. Under REAP, you are entitled to 36 months of benefits, and do not have to pay into the program as with Chapter 30. This benefit provides a higher amount of assistance than with Chapter 1606, but not as much as Chapter 30. **However, a Veteran is only entitled to REAP benefits as long as they continue to serve as an Active Drilling Reserve Component Service Member, and they must be in good standing with their respective reserve component unit.**

## **Montgomery GI Bill Chapter 1606 (Selected Reserve):**

Chapter 1606 is for Active Drilling Reserve Component Service Members who have not been ordered to active duty under Title 10, U.S.C., for at least 90 days under a contingency operation, and therefore do not qualify for Chapter 1607 (REAP). Under Chapter 1606 you are entitled to 36 months of benefits, and Chapter 1606 provides the least amount of assistance.

# **Educational Assistance Benefits cont'd.**

## **Post 9/11 GI Bill Chapter 33:**

Specifically for Service Members who served on active duty on or after 09/11/2001. To be eligible the Service Member or Veteran must have served at least 90 combined days on active duty after 09/10/01 and remain on active duty, be honorable discharged from active duty, released from active duty and placed on the retired list or temporary disability retired list, or released from active duty for further service in a reserve component of the Armed Forces.

Based on the length of active duty service, eligible participants are entitled to receive a **percentage** of the following:

1. Cost of tuition and fees, not to exceed the most expensive in state undergraduate tuition at a public institution of higher education (**paid directly to the school**).
2. Monthly housing allowance equal to the basic allowance for housing payable to a military E-5 with dependents, based on the same zip code as the primary school.
3. Yearly books and supplies stipend of up to \$1000 per year
4. A one-time payment of \$500 paid to certain individuals relocating from highly rural areas

**For more information regarding Educational Assistance Benefits Call  
1-888-442-4551
